

AMCIS 2019 – Cancun – August 15-17

Professional Development Symposia

In keeping with the AMCIS 2019 theme, “Digital Bridging: The Americas’ New Frontier”, our special focus for this conference is to recruit symposium topics that identify methods for filling the gap between those who have ready access to information, digital technologies and the skills to use them, and those who do not. We encourage sessions that support professional development for IS academics, researchers, and practitioners.

AMCIS 2019 Workshops and Tutorials Call for Proposals

We invite you to propose a Professional Development Symposium for AMCIS 2019. Consistent with the AMCIS 2019 theme of *Digital Bridging: The Americas’ New Frontier*, proposals can be directed toward any topic that may be of interest to conference attendees or Latin American IS practitioners.

Symposia are typically designed to have broad practical application and are conducted during a regular session at the conference.

Important Dates:

- **April 24, 2019 10:00pm PST** - Deadline for proposal submission
- **May 6, 2019** Notification of acceptance
